Subject: New Issuance of ASME Certificates of Authorization 'S' #40,108, 'U' #40,109 & 'U2' #40,110

Dear Mr. Narayan Parida:

Enclosed are your Certificates of Authorization to apply the ASME Code Symbol Stamp to items, which you build in accordance with the ASME Boiler and Pressure Vessel Code. If this is a new issuance, the Code Symbol Stamps are also enclosed. The purpose of the Code Symbol Stamp is solely for application to items, which have been built in accordance with the Code, and its use in advertising is restricted.

Since a renewal notice will be mailed eight months prior to the expiration date shown on the enclosed Certificates and H (Cast Iron) and UM yearly renewals will be mailed six months prior to that date, to the individual and address shown above, it is important that we be informed of any changes. In any case, it is your responsibility that we receive renewal applications at least six months [four months in the case of H (Cast Iron) and UM] prior to the expiration of the enclosed Certificates.

If you make reference to the ASME Symbol in your advertising, it is required that you follow the "STATEMENT OF POLICY ON USE OF CODE SYMBOLS IN ADVERTISING" which appears in the preliminary material in each Section of the ASME Boiler and Pressure Vessel Code.

Very truly yours,

Janet Hill
Program Administrator
